

# STAZIUN DA BASA

**STAZIUN DA BASA** (Romansh for „base station“) is the unique, complete service station where all Engadine sporting activities begin. You will be looked after by our Activity Coach and equipped from top to toe. Whether booking sporting activities, getting your equipment ready and selecting the right outfit you have one place that manages everything: the “staziun da basa”. We guarantee the best handling of your activities together with our partners Ski Service Engadin, Swiss Ski School St. Moritz, Cross-country Center Celerina, Mountaineer School Pontresina, Engadin St. Moritz Mountains, Bike School Engadin and Golf Engadin St. Moritz, ensuring an effortless management of your activity programme at the Cresta Palace Celerina. This facility is open to professional athletes, amateurs, holiday guests interested in wellness and those who simply want to enjoy themselves. The rooms of the “staziun da basa” are the meeting point for all group activities, counselling and courses of instruction. Here your equipment is stored in individual and safe compartments, according to your room number; here you will find a completely equipped facility for waxing your skis and the bicycle workshop, and from here you can venture out of doors directly.

### IN WINTER

- Alpine ski lessons
- Rental of skis, ski shoes, helmets and ski clothes
- Cross-country ski lessons for groups and individuals
- Cross-country equipment rental
- Individual cross-country tours proposed by Activity Coach
